

Virtual Tour of the Yad Vashem Grounds: Israeli Collective Memory Yom HaShoah 2021/5781

This presentation will focus on Israeli collective memory in the wake of the Holocaust. The monuments and memorials built on Yad Vashem's campus reflect how the new Jewish state coped with the trauma of the devastation of the Holocaust. A visit to these monuments offers insight into memory and commemoration, while special mention will be made to Greek Jewry, its persecution, commemoration and honor of the Greek Righteous Among the Nations.

Join us as we explore the Hall of Remembrance, the Pillar of Heroism, the Righteous Among the Nations Avenue, the Warsaw Ghetto Uprising Memorial, Janusz Korczak Square and the Children's Memorial.

The tour will be conducted **in Greek**, via Zoom on Yom HaShoah, April 8, 2021, 19:00 Greece time.
